## First Choice Bull Sale 16<sup>TH</sup> ANNUAL

*Bulls With a  
Work Ethic*

SELLING 73 SPRING YEARLINGS AND 50 FALL YEARLINGS

TUESDAY • OCTOBER 11, 2022 • 1 P.M.  
AT THE RANCH NEAR FORT ROCK, OR

## 9 PEAKS RANCH

Nine Peaks Ranch | Aaron & Rebecca Borror

P.O. Box 38 | Fort Rock, OR 97735 | Phone: (541) 633-3284

Dear Friends,

Welcome to our 16th bull sale at 9 Peaks Ranch. 22 years ago, we started 9 Peaks Ranch when we moved to Oregon. Before that we were part of Tehama, and before that, 50 years ago, I raised my first 4-H steer.

I'd like to start by saying something about the cover photo. Every year after spending the winter on feed, the spring yearling bulls return to the desert to continue their indoctrination to life outside. We think this is an important part of their development. It continues what they start along side of their mothers the year before as the pairs graze outside on BLM and forest allotments.

We believe the most important thing a seedstock producer can do is demand that his/her cow herd perform in an environment as close as possible to that of their customer's. If our cows couldn't live on your ranch, why would you buy bulls from us? Other than that, we also select for longevity traits like feet, structure, fertility, udder quality, calving ease, and docility. These are traits everyone wants in their cows, and it takes a lot of leg work to make sure it's all there. If it's not there, it doesn't matter how much marbling or muscle an animal has.

One of the changes in our sale book this year is that we have not included the raw cow weights and heights. We will continue to measure our cows, as we feel this is one of the more important data sets that we take in the herd. The costs a cow incurs each year is directly related to her size, as feed is the highest variable yearly expense for a beef cow. A larger, heavier milking cow requires more feed than a smaller, more moderate milking cow. An individual rancher needs to find the balance between growth and performance, and maintenance costs for the cow herd in order to make raising beef calves a profitable enterprise. Our weights and measurements go into the Angus Association database, where they calculate a Mature Weight EPD and a Mature Height EPD. If you want to compare cattle from different herds, different ages, or even between calving seasons in our herd, the EPD is a much more accurate prediction of daughters' mature size, than the raw weights.

John Dickinson will be at the sale site on October 11, providing live stream and live bidding for the sale via LiveAuctions.TV. Be sure to register beforehand if you want to bid online.

As always, we will have videos of all the bulls on our website near the end of September.

We hope to see you in October, Aaron & Rebecca

# 9 PEAKS RANCH

# 16th Annual First Choice Bull Sale

TUESDAY • OCTOBER 11, 2022 • 1 P.M.

At the ranch near Fort Rock, OR

**SALE DAY PHONES:** Aaron Borror ..... (541) 633-3284  
Rebecca Borror ..... (541) 771-4151

**Auctioneer:** Eric Duarte ..... (541) 891-7863

**Representatives:**

Logan Ipsen, *Western Livestock Journal* ..... (916) 947-2392  
Matt Macfarlane, *California Cattleman* ..... (916) 803-3113  
John Dickinson, Parnell Dickinson, Inc. ..... (916) 806-1919  
Quanah Gardiner, American Angus Assn. ..... (620) 635-0294  
Jared Patterson, *Western Livestock Journal* ..... (208) 312-2386

**Sale Consultant:** Matt Macfarlane, M3 Marketing ..... (916) 803-3113

**Absentee Bidding:** Please call any of the listed Representatives or Aaron or Rebecca Borror directly for personal service. You may also preregister and bid online at [www.liveauctions.tv](http://www.liveauctions.tv).

**Sale Location:** 9 Peaks Flat Iron Ranch, East of Fort Rock, OR  
Map on the back cover.

**Recommended Lodging:**

LAPINE SALE HEADQUARTERS:

**Best Western Newberry Station:** 16515 Reed Rd. & Hwy. 97, LaPine, OR, (541) 536-5130. \$135 plus tax per night, ask for the 9 Peaks Bull Sale Rate.

**Klamath Falls Motel 6:** 5136 South 6th St., Klamath Falls, OR, (541) 884-2110. Pets stay free.

**Best Western Olympic Inn:** 2627 S. 6th St., Klamath Falls, OR (541) 882-9665.

**Shilo Inn:** 2500 Almond St., Klamath Falls, OR (800) 222-2244 or (541) 885-7980. Pets with \$25 deposit.

**Lunch:** Jamie Roscoe of the Cowboy Dinner Tree will prepare a complimentary lunch for sale attendees, served at noon on sale day.

**Transportation:** Upon request, we gladly meet planes landing in Redmond, OR. Alaska, American, Delta and United fly into Redmond. The Bend/Redmond airport is a two-hour drive from the sale location. Private planes will also be met at the Christmas Valley Airport, 30 minute-drive from the sale site.

**Bull Delivery:** Free delivery in Oregon and adjoining states with the purchase of two or more bulls.

**Wintering:** Bulls purchased for spring breeding may be kept at 9 Peaks Ranch until April 1, 2023, free of charge. No insurance will be necessary for this period as any loss will be covered under our guarantee.

**DRIVING DIRECTIONS:** Please don't rely on your GPS navigator. It will take you down all kinds of inappropriate roads out here!

**From Redmond/Bend/Lapine:**

From US-97 North of Lapine, turn east onto OR-31  
Go 29.2 miles to Fort Rock Road, the Fort Rock/Christmas Valley turnoff, turn east. Go about 6 miles to Fort Rock.  
Continue east. At 6 miles east of Fort Rock, continue EAST at the sweeping turn onto Derrick Cave Road. Do NOT go South on the Christmas Valley Highway.  
Go 2.2 miles and follow the pavement NORTH along Derrick Cave Road. There is a dirt track through the desert BLM land that appears to be a short cut. You will see a hay pivot and our hay barns about a mile straight ahead. It is a shortcut, if you're on horseback. Otherwise, it's faster to go around.  
Go about a mile, and follow the pavement EAST on Derrick Cave Road.  
Go another mile, and continue straight (east) under the power transmission lines, onto Morrison Lane. This is a good, two lane graded gravel road. (The paved road leads north to our Derrick ranch.)  
Go one mile east on Morrison Lane, and then turn SOUTH on Oil Dri Road. (If you are ever turning south on pavement, you are not in the right place!)  
Go one mile south on Oil Dri Road. Then turn WEST at the 9 Peaks Ranch sign.

**Volume Discounts:** 5% off with the purchase of 5 or more bulls by one ranch, 10% off with the purchase of 10 or more bulls by one ranch.

**Retained Ownership:** 9 Peaks Ranch retains a 25% semen interest and revenue sharing in all of the bulls selling through the 2022 9 Peaks Ranch First Choice Bull Sale. Buyers will receive full possession and full salvage value on all bulls purchased.

**Guarantee:** 9 Peaks Ranch guarantees your satisfaction with your purchase through the end of the first breeding season. This guarantee does not cover malnutrition. Young bulls must be cared and fed similarly to young heifers expecting to become pregnant. Any claim must be made in a timely manner. If you have a bull die in the first breeding season for any reason that is not obvious, please have your vet perform a necropsy, so that we can determine cause of death. Your claim will result in 9 Peaks providing a suitable replacement bull. If one is not available, your money will be refunded or you will receive a credit in our next sale. Any salvage value will be forwarded to 9 Peaks Ranch.

**Semen Test:** Performed by Dr. Kirby Flynn Kerns, DVM, in September 2022. All bulls selling will be classified as "Satisfactory Breeder" according to the Society for Theriogenology Bull Breeding Soundness Examination standard.

**Ultrasound Test:** Performed by Matt Lane, Billings, MT

**Herd Health:** The 9 Peaks Herd has had extensive testing for BVD and BLV with no positive results. 9 Peaks Ranch guarantees all bulls to be free of these diseases at the time of delivery. Every bull in the sale has either been tested free of the AM, NH, and CA genetic defect, or is not a potential carrier of these genetic defects.

**Vaccinations:** All bulls have been vaccinated with Vision 8/Somnus, Bovashield, Lepto-vibrio, pinkeye and dewormed. Bulls will be vaccinated for anaplasmosis upon request. If you will need additional or booster vaccinations for bulls wintered at 9 Peaks Ranch, we will vaccinate your bulls prior to delivery.

**Inspection:** The sale bulls may be viewed at any time at 9 Peaks Ranch. Videos of sale bulls will be available in late September at [www.9peaksranch.com](http://www.9peaksranch.com). Satisfaction is guaranteed on any sight-unseen purchases if you discuss your requirements with 9 Peaks Ranch.

**Financing:** Zero % Financing. Bulls left to winter at 9 Peaks Ranch can be financed with 50% due on sale day and 50% due upon delivery by April 1, 2023 with no interest charge.

**ANGUSMEDIA** EPDs contained in the hard copy of this sale book were current as of print date. Digital versions of this sale book can be viewed online at [www.angus.org](http://www.angus.org) and will have EPDs updated every Friday with the exception of EPD references in footnotes and photos. Any PDF downloads from the website will contain EPDs current as of the date downloaded. References: American Angus Association®, AHIR®, AngusLink™, CAB®, Pathfinder®.

**From Lakeview/Highway 31:**

From Paisley, go 47 miles northwest on Highway 31 over Picture Rock Pass. Turn north (right) onto Old Lake Road. Go 4.4 miles on Old Lake Road and turn north (left) onto Oil Dri Road. Go 13.8 miles north on Oil Dri Road, continue through THREE 90-degree turns (first W, go 1.5 miles; then N, go 1.5 mi; then W again). Turn off on to Flat Iron Ranch is about 1.5 miles W of last 90-degree turn.

**From Klamath Falls**

Go north on Highway 97 45 miles to Silver Lake Road/Klamath Marsh. Turn east (right) onto Silver Lake Road. The name changes to Bear Flat Road with no turn. Go 50 miles to Highway 31 in Silver Lake. Turn east (right) on Highway 31 and go 11 miles to Old Lake Road. Turn north (left) onto Old Lake Road and go 4.4 miles to Oil Dri Road. Turn north (left) on to Oil Dri road. Go 13.8 miles north on Oil Dri Road, continue through THREE 90 degree turns (first W, then N, then W again). Turnoff to Flat Iron Ranch is about 1.5 miles W of last 90-degree turn.

Confidence plus 804 is one of the outstanding bulls we have used. We bought him with Lucky 7 Angus of Wyoming out of Snyder's Bulls For The 21st Century test and sale. 804 was the high ADG, best feed conversion, and best RFI (feed efficiency) bull in his contemporary group. His calves come easy and vigorous, from heifers or cows. He improves growth, carcass and maternal traits. He is a sound-made, good footed, easy fleshing fellow that is easygoing and nice to handle. We calved our first 804 daughters in Spring 2022, and the daughters met our high expectations: udders, calving ease, and mothering ability are all outstanding. Our first grass-fed 804 progeny were killed last spring, and the carcass data was exceptional, leading to an increase in 804's Marbling EPD and Ribeye EPD both over +1.0.

Stellar is a low birthweight bull with excellent growth traits. He is a breed leader for foot structure EPDs. We are calving our first Stellar daughters this fall; they have beautiful udders and good mothering ability. Stellar is siring cattle with good fleshing ability and a milk EPD that will work for programs that need to keep milk production in check. PAP is outstanding.

Owned with Bill Barboni. We used Recharge, a full brother to Resource, in 2017 and appreciated the structural soundness, muscle, docility, and fleshing ability of his calves. We retained AI breeding and summer season turnout rights on the Recharge son "Blitzen". Blitzen is a power bull, transmitting growth and muscle onto moderate-framed offspring. Blitzen's dam B881 has weaned 5 calves at 105 average ratio, and had the top Resource son in our 2020 sale. Blitzen daughters have done a tremendous job with their first calves. They are among the easiest fleshing heifers we have ever raised. Blitzen and Lightning's dam, B881, has earned her Pathfinder award from the Angus Association.

Owned with Bill Barboni. We bred Blitzen's dam to S A V Resource when we couldn't get more Recharge semen, and the resulting calf was the outstanding second high selling bull from 2020, 9 Peaks Lightning G846. Aaron thinks Lightning is one of the most impressive 'power bulls' that we have used in the last several years, and we are continuing to use him for both natural service and AI. Lightning offers similar growth, muscle, structural soundness and moderate frame as his brother Blitzen, but with more moderate birth weight genetics. We have been keeping as many Blitzen daughters as possible in the breeding pen, and we will be keeping the Lightning daughters as well.

Rainfall is a heifer bull that will reduce frame size in most herds, with good enough growth and carcass traits to keep current. He sires very sound structured, good footed cattle. He is a high-fertility bull with excellent scrotal circumference and heifer pregnancy EPDs. His daughters are well known for their soundness, fleshing ability, good udders, and the ability to raise good calves.

Cool sold as a yearling in 2014 as one of the top \$Beef prospects that year. The bull turned out to be a breed leader for exceptional docility and fertility. Scrotal circumference and Heifer Pregnancy EPDs are both in the top 5% of the breed with many sons and daughters reported. Cool is a moderate birthweight bull with a very good Calving Ease Direct EPD. The bull has been used heavily in natural service for several years running at Big Dry Angus in Montana, where the cattle are on extensive rangeland. Cool daughters have qualified their sire for the Pathfinder award, as they raise good calves and breed back very well.

Owned with Bill Barboni and Peter Bussman. This was our high-selling bull in 2020. Cal Fire was produced by a Pathfinder daughter of Emblazon 702. She is a feminine cow with a perfect udder. Cal Fire is the best footed Tahoe son that we have produced, and he worked very well on virgin heifers. His calves were very vigorous at birth, and the daughters should make great producing cows.

A larger cow will raise a bigger calf than a smaller cow, right? Not necessarily! Consider this data from North Dakota State University Dickinson Research Center: Cows were separated into three groups based on their mature weight: the light group 1,200 pounds or lighter, medium group 1,300 pounds, large group 1,500 pounds and heavier. On average, the small cows' calves weaned at 617 pounds, the medium at 589 pounds, and the large cows' calves weaned at 572 pounds. Not only that, but the difference in feed requirements for 50 cows, from the large group to the small group, is 23 tons! Do you want to buy extra winter hay (and have lower summer stocking rates) to raise lighter calves? If not, be sure to keep an eye on mature weight and height EPDs on the bulls you buy.

9Δ

We do not trim hooves on any cattle at 9 Peaks Ranch. Trimming feet before a bull sale can be a deceptive practice and is at best a short-term fix. We believe in showing our customers what the cattle really are, and letting our customers select their bulls with full information. We do cull bulls and heifers as they develop if we see a problem.

9Δ

We have been measuring both height and weight of our mature cows for over 30 years. If you want to keep a lid on mature size in this era of higher growth genetics, use the MW and MH EPDs listed on all of the bulls. Breed average for MH is +0.3. Bulls below 0.0 will reduce mature frame in most herds.

## COMMITMENT.

Raising quality registered Angus cattle takes commitment. As your genetic supplier, we take that seriously.

That's why we participate in MaternalPlus®.

Through MaternalPlus, we devote extra time to tracking maternal traits beyond those normally required, ultimately targeting greater performance and predictability.

The data we choose to gather through this inventory-based program today sets the stage for reproductive and lifetime productivity tools tomorrow — tools to pioneer new ways of selecting the most profitable animals.

Herd improvement starts with smart decisions.

A commitment to the female starts with MaternalPlus.

Contact AGI at 816-383-5100 or [agi@angus.org](mailto:agi@angus.org) for more information.

**ANGUS MEANS BUSINESS.**
